EDUCATION

1999 – 2001 **Master of Science, Health Management, Florida Tech**
1987 – 1988 **University of Cincinnati, Graduate Assistant Athletic Trainer**
1984 – 1986 **Bachelor of Science, Exercise and Sport Sciences –
Athletic Training Specialization, University of Florida**
1982 – 1984 **AA in Pre-Nursing, University of South Florida**

WORK EXPERIENCE

2015 - Present **Athletic Training Supervisor, KSC RehabWorks**
Integrated Mission Support Services, Kennedy Space Center, FL

KSC RehabWorks program management following contract change from the Medical and Environmental Support Contract (MESOC) to the Kennedy Environmental and Medical Contract (KEMCON) in FY16. Oversight of quality and document control methods to meet JCAHO standards. Demonstration of clinic utilization and ROI metrics with an estimated \$1 million dollar annual cost avoidance to NASA. Program management of the Balance Initiative to address injuries due to slips, trips and falls (STF) with the Balance Initiative being cited as a “Best Practice” during the IMSS contract’s OSHA VPP Star audit. Distribution of initiative across the NASA Agency for prevention on STF injuries; communicating with respective NASA Safety personnel at Headquarters, Langley, Stennis and Marshall Centers. Establishment of six “Balance Zones” across KSC to enable the NASA Civil Service and Contractor workforce access to proprioceptive exercises to prevent injuries due to slips, trips and falls. Research partner with Biodex Medical Systems for “*Reliability and Establishment of Normative Data for the Biodex Fall Risk Balance Test in Adults Aged 40-70 Years of Age*”.

**2009 – 2015 Athletic Training Supervisor, KSC RehabWorks
InoMedic Health Applications, Kennedy Space Center, FL**

Continuation of KSC RehabWorks program management following contract change from the Life Science Services Contract (LSSC) to the Medical and Environmental Support Contract (MESC), including enhancement of quality and document control methods to meet JCAHO standards. Demonstration of clinic utilization, ROI and cost avoidance metrics to NASA after end of shuttle program (Sept. 2011) and reduction in workforce (FY11 & 12), which enabled RehabWorks clinic revitalization and expansion (FY12). Presentation and promotion of RehabWorks capabilities for OSHA VPP and NASA OCHMO audits (FY12). Creation and program management of the Balance Initiative to address injuries due to slips, trips and falls (STF). In partnership with NASA Safety, creation of the “Balance Initiative” and establishment of “Balance Zones” across KSC to enable the NASA Civil Service and Contractor workforce access to proprioceptive exercises to prevent injuries due to slips, trips and falls. This unique program considered a best practice by NASA Safety, received \$4.6K from Center Innovation’s Kick Start Competition in FY15 and \$4.5K in FY16 to purchase equipment for the new Balance Zones, and has received funding at the center and agency levels (\$20K and \$50K respectively) for staffing support, which enabled the hiring of additional KSC Fitness Center staff. Proposal development and preparation of clinic and staff for transition from MESC to KEMCON (Kennedy Environmental and Medical Contract) in FY16.

**1998 – 2009 Supervisor, KSC RehabWorks
The Bionetics Corporation, Kennedy Space Center, FL**

Program management of KSC RehabWorks program – a NASA best practice facility that provides free, onsite physical medicine and musculoskeletal rehabilitation. Supervision and professional development of staff and interns. Compliance with quality control and health and safety requirements. Quarterly reporting and statistical analysis of injury rates, organizational utilization, cost avoidance and return on investment. Development of educational outreach programs on sports/industrial injury prevention; marketing and external relations with NASA and contractor organizations; development and dissemination of educational and promotional brochures; coordination of KSC/CCAFS injury prevention and rehabilitation efforts with Occupational Health, Industrial Hygiene and Workers’ Compensation. Oversight of KSC Fitness Center revitalization (1999). Oversight of KSC RehabWorks facility expansion during fiscal years 1998, 1999, 2004 and 2012.

2007 – 2009 Athletic Trainer - Blue Man Group Orlando, Universal Studios, FL

Provision of athletic training services to Blue Men, musicians, crew and administrative personnel. Medical liaison for work-injured employees of the Blue Man Group with area health care providers. Conduct injury prevention seminars, pre-participation musculoskeletal evaluations, acute injury care, therapeutic exercises prescription and instruction of home programs.

1997 – 2011 Primary Contact, NASA Health Stabilization Program – KSC, FL

Per request by flight surgeons at the Johnson Space Center, provided athletic training services to United States and international astronauts when working and/or training at the Kennedy Space Center. Provided support of the prime crew as a member of the aerospace medical team during launch and landing of the space shuttle.

**1996 – 1997 Rehabilitation Coordinator, KSC Fitness Centers
The Bionetics Corporation, Kennedy Space Center, FL**

Developed “KSC RehabWorks”, an on-site musculoskeletal rehabilitation program for NASA civil service and contractor personnel. A first for the Kennedy Space Center, this program provides athletic training services for the treatment of sprains, strains, repetitive motion injuries and post-surgical conditions. The RehabWorks staff works closely with physicians at the Occupational Health Facility, workers’ compensation representatives, and outside physicians. The program saw a ten to one return on investment in its first year which necessitated an expansion from a 100 sq. ft. treatment room to a 400 sq. ft. facility in order to accommodate the increased patient load.

**1989 - 1995 Exercise Specialist, KSC Fitness Centers
The Bionetics Corporation, Kennedy Space Center, FL**

Provision of exercise prescription, wellness and athletic training services for clients of the KSC Fitness Centers. Developed and directed the “Back at Work” program - a back injury reduction initiative requested by the NASA Safety and Health Directorate. Program components include: worksite assessment, coordination with safety, industrial hygiene and management personnel, conducting group training classes and scheduling of individual conditioning prescriptions for at risk personnel.

1988 - 1989 Head Athletic Trainer, Lake Weir High School, Ocala, FL

Responsible for the health care of student athletes, including, but not limited to the prevention, recognition, treatment, rehabilitation and reconditioning of athletic injuries. Medical coverage of secondary school athletic events, including immediate triage, treatment and/or arrangement of transport of the injured athlete. Communication and coordination with team physician for school athletic event coverage and injury evaluation. Prophylactic taping/bracing prior to athletic competitions. Completion of pre-season physicals with recommendation for readiness for sport participation. Medical liaison and health care advocate for student athlete with coaches, physicians and parents.

1988 - 1989 Athletic Trainer, The Physical Therapy Clinic, Ocala, FL

Provide modality treatments and supervise therapeutic exercise protocols of patients while under the care of staff physical therapists. Conduct one-on-one patient work hardening sessions. Provide outreach athletic training services at Lake Weir High School in the afternoons/evenings.

AWARDS RECEIVED

1993 Certificate of Achievement: In recognition of outstanding contributions to the KSC Safety Awareness Program.

1995 Kudos Award: For exceeding customer expectations by system improvements, consistently high quality standards, timely delivery, and a proactive response to customer needs.

1997 Visionary Award: For the individual who has most actively pursued business development and visibility for enhancing the Life Sciences Support Contract.

1999 Gold Quality Dollar Award for Continual Improvement (KSC Fitness Center Expansion): In honor of your dedication, innovation, and can-do attitude, which delight our customers and result in process improvements that have forever changed the way we do business at the Kennedy Space Center.

1999 NASA Group Achievement Award: In recognition of outstanding teamwork, innovation, and dedication which resulted in the successful implementation of the first Kennedy Space Center Super Safety Day.

1999 NASA Group Achievement Award: For the planning and implementation of the renovation and expansion of the O&C Fitness Center providing the opportunity for employees at Kennedy Space Center to achieve a healthy and fit lifestyle.

1999 Certificate of Recognition: For efforts in support of the June 6th, 1999 Technical Paper Sessions for the KSC and 45th Space Wing Super Safety and Health Day.

2001 NATA Clinical/Industrial/Corporate Athletic Trainers' Committee: In recognition of outstanding services to the National Athletic Trainers' Association.

2001 Certificate of Appreciation: For your conscientious and enthusiastic volunteer efforts and your tireless dedication to the NASA mission through your support of the KSC External Relations and Business Development Directorate.

2001 Gold Quality Dollar Award and Life Saving Ribbon: Submerged vehicle water rescue.

2001 ATAF Clinical/Corporate Athletic Trainer of the Year: In recognition of your outstanding contributions to the athletic training profession - Athletic Trainers' Association of Florida

2002 Hall of Fame - College of Health and Human Performance, University of Florida

2002 NATA Athletic Trainer Service Award: For dedicated service and outstanding contribution to the profession of athletic training and the National Athletic Trainers' Association

2002 NASA Exceptional Bravery Medal: In recognition of heroic efforts to save the life of a co-worker.

2004 Certificate of Appreciation: Spaceport Super Safety and Health Day

2005 John F. Kennedy Space Center Group Achievement Award: Go Red for Women Program

2008 SEATA Clinical/Corporate Athletic Trainer of the Year: In recognition of outstanding contribution in the field of athletic training - Southeast Athletic Trainers' Association

2009 NATA Most Distinguished Athletic Trainer Award: This award is a prestigious honor that recognizes qualified NATA members for their exceptional and unique contributions to the athletic training profession. This is a national award, which reflects a lifetime of dedication to the association and the field of athletic training on the national level, district and local levels.

2013 NASA Silver Quality Dollar Award: In honor of your dedication, innovation, and can-do attitude, which delight our customers and result in process improvements that have forever changed the way we do business at the Kennedy Space Center.

2016 NASA Group Achievement Award: For outstanding teamwork in the development, coordination and execution of the Kennedy Space Center Health and Safety Days 2014 program.

2017 ATAF President's Award: For advancing the profession of Athletic Training through your passion, professional involvement, and innovative healthcare services to the employees of Kennedy Space Center for the last 20 years.

2018 KEMCON Safety Recognition Award: In recognition of your commitment to safety and health on the Kennedy Environmental and Medical Contract (KEMCON) at the Kennedy Space Center, FL.

VOLUNTEER EXPERIENCE

Medical Volunteer Certified Athletic Trainer 1996 Summer Olympic Games - Atlanta

Medical Volunteer Certified Athletic Trainer

From July 8th through August 1st, provided medical coverage at a training site for men's and women's basketball.

Disney Marathon

Medical Volunteer Coordinator 1995, 1996, 1997/ Medical Volunteer 1994 and 1998

Responsibilities included planning meetings, soliciting and scheduling of medical volunteers, developing and maintaining volunteer database, and coordination of race day assignments/transportation. Support of finish line and medical tent areas.
