## The New Normal for Regulatory Operations

What changes have you made since the start of the pandemic?

- Rules?
- Conducting Business?
- Meetings?

What changes do you hope remain in place? Changes that you want to return to pre-pandemic?

Have you suspended doing anything since the pandemic started?

- Will it remain suspended?

What are the positive and/or negative outcomes as a result of the pandemic?

What lessons did you learn from the pandemic?
